Plant Damage Release

REGARDING PLANT GROWTH WITHIN OR AROUND THE STRUCTURE:

Certain plant growth will become damaged or die in the process of the fumigation due to plant growth location(s) that cannot be excluded from the fumigated air space. We will take all available options to avoid plant damage during the fumigation. However, we cannot assume responsibility for any damages to the plant growth as a result of the fumigation process. Please contact our office if you would like to speak to your inspector regarding problem areas.
